

LTI Premium Rugged Telehealth Kit

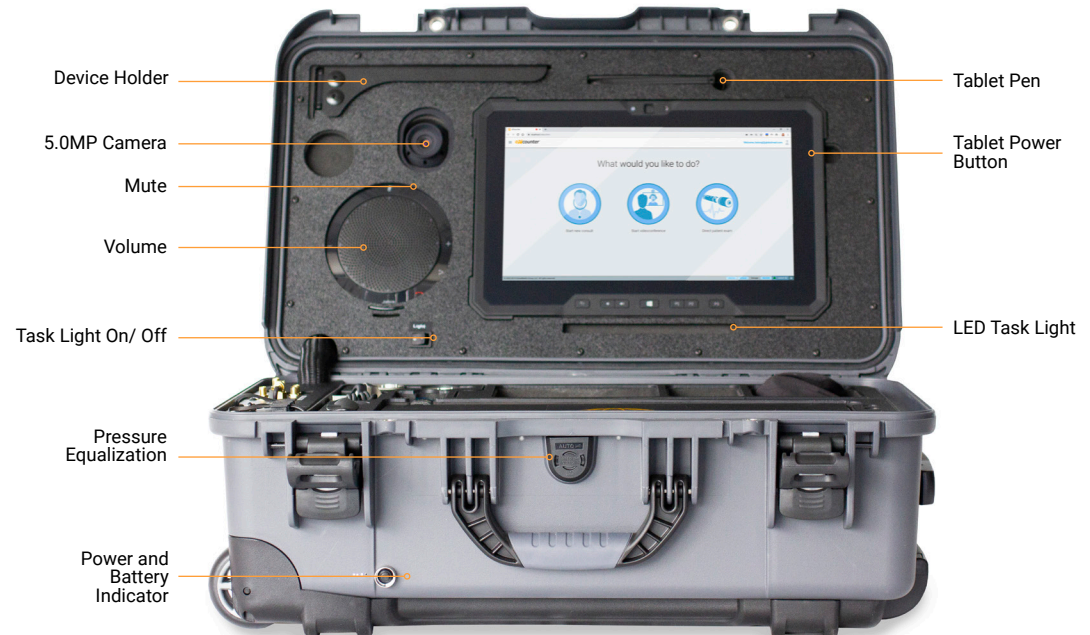

The LTI Rugged Telehealth Kit (RTK) brings a new dimension to providing telemedicine. RTK is a fully mobile telemedicine platform with a built in military-grade ruggedized tablet with readable glove capable Gorilla Glass for video conferencing in any condition. Network connectivity is achieved using a Cradlepoint connection for 3G/4G/LTE or built in WiFi.

RTK is ideal for these scenarios:

- Emergency Response
- Disaster Relief
- Homebased Patient Care
- Rural Healthcare Outreach

Compatible devices include:

- Exam Camera
- Vitals Monitor
- Stethoscope
- Ultrasound
